Subject: San Jacinto River Waste Pits

Mr. Miller,

My name is Sergio Espinosa and I work for Congressman Gene Green. I was given your name by EPA as the best person to contact regarding a report from a constituent group earlier today that there is a breach in the San Jacinto River Waste Pits containment structure, approximately 20 feet long by 10 feet deep. I was told by the Congressman to confirm this report and ask if further details can be provided. I left a message on your voice mail a few minutes ago. I can be best reach by this e-mail address or by telephone at (202) 225-1688.

Thank you,
Sergio Espinosa

Sergio A. Espinosa
Legislative Director
Rep. Gene Green (TX-29)
